

IACP 20th Forum Chicago - 2019

Workshop:

“Yes, we have unbundled services! - Tropicalizing the Collaborative Practice”

Marilia Campos Oliveira e Telles.

Collaborative lawyer and mediator, Member of IACP Faculty, Director and of the Brazilian Institute for Collaborative Practices, Member of the Collaborative Practice Commission of the Brazilian Bar Association/São Paulo and of the New Family Structures group of the Sedes Sapientiae Institute, author, keynote speaker and teacher.

Short description (50 words):

In Brazil, the law predicts joint representation so it's common to see one lawyer representing a divorcing couple. This is an opportunity to show the benefits of having a multidisciplinary team. The workshop intends to tell how we're working to introduce CP in Brazil, adapting to our local characteristics, mixing with unbundling services.
